

Geography

Is it still important to be able to use a compass and map? And what's the point of a key? What's more important? Trade routes, distribution of natural resources, energy, food and the economy, or climate zones, vegetation belts, biomes, sustainability and morality

English

The Great Kapok Tree

Where the forest meets the sea

The where on earth? Book of rainforests

Gorilla

Poetry

History

What was important to indigenous people of the past? What were the differences between the conquistadors and the Aztecs? How do mistakes in the past influence or affect our future? Have we learnt our lessons?

Chocolate – food of the gods.
But what is the real cost?

Maths

Fractions and decimals
Algebra
Properties of shape

CRICKET

Science

Living things and their habitats – Why should we care about the rainforests?

Animals including humans – What happens to the food we eat?

PSHE

Responsibility - whose responsibility are the rainforests? How can our choices make a difference to others and the environment?

Art and Design

Can I sketch like Picasso and improve my self-portrait?
What does a Maya mask look like? Does mine look the same?
